Advances in Alzheimer's and Parkinson's Diseases

May 15, 1997

08:30 - 09:00		- Get Together
09:00 - 09:30	Prof. A.D. Korczyn Dr. T.A. Treves Dr. A. Hassner Dr. D. Horn Mrs. R. Goldberg Prof. G. I. Barbash	- Introduction Opening Remarks.

Chair: J. Aharon

09:30 - 10:15	D. Michaelson (TAU)	- Animal model studies of the role of ApoE in neuronal maintenance and repair
10:15 - 11:00	S. Ferris (NYU)	- The role of early diagnosis in Alzheimer's disease
11:00 - 11:45	L. Schneider (UCLA)	- Optimizing the clinical management in Alzheimer's disease

11:45 - 13:00

- Lunch break

Chair: D.M. Michaelson

13:00 - 13:45	T.A. Treves (TAMC)	- Epidemiology of dementia
13:45 - 14:30	R. Terry (USCD)	- Synaptic loss in Alzheimer's disease
14:30 - 15:15	A. Fisher (IIBR)	- M1 muscarinic agonists: From symptomatic treatment towards delaying the progression of Alzheimer's disease

15:15 - 15:30

- Coffee Break

Chair: M. Davidson

15:30 - 16:15	R.P. Friedland (CWRU)	- Strategies for imaging amyloid β protein in vivo
16:15 - 17:00	J. Chapman (TAMC)	- Presenilin mutations in Israel
17:00 - 17:30	D.M. Michaelson	- Conclusion

May 16, 1997

08:00 - 08:30		- Get Together
08:30 - 09:00	<u>Chair: E. Nisicam</u>	
08:30 - 09:00	Streifler Annual Lecture in Neurodegeneration P. Riederer (Wurzburg)	- Role of iron in neurodegeneration in Parkinson's disease
09:00 - 09:30	S. Przedborski (Columbia)	- Oxidative stress in Parkinson's disease
09:30 - 10:00	H. Matsumine (Juntendo)	- Genetics of familial parkinsonism
10:00 - 10:30	N. Giladi (TAMC)	- Freezing in Parkinson's disease
10:30 - 11:00	A.D. Korczyn (TAMC)	- New therapies in Parkinson's disease
11:00 - 11:30		- Coffee Break

Chair: I. Prohovnik

11:30 - 12:00	A. Roses (Duke, NC)	- Apolipoprotein E and Alzheimer's disease
12:00 - 12:30	L. Thal (USCD)	- Vitamin E and selegiline in Alzheimer's disease
12:30 - 13:00	D. Eidelberg (NYU)	- Neuroimaging in Parkinson's disease
13:00 - 13:30	J. Baron (TAMC)	- SPECT in Parkinson's disease
13:30 - 14:00	M. Streifler	- Conclusion

The conference was supported by the following:

The Israel Humanitarian Fund,
The Rubiniwicz Foundation, The Streifler Foundation,
The Miriam Trujanski de-Gold Foundation,
The Adams Brain Super Center,
The Sieratzki Chair of Neurology, Tel Aviv University
and the following pharmaceutical companies:
SmithKline Beecham, Pfizer, Medtronic, Eli Lilly, Dexon,
Parke Davis-Neopharm, CTS, H. Pascalovici,
Megapharm, Agis, Schering, Teva, Chemipharm
